Cavendish White

Inca Rose, Ligaya and Sirena III

Cavendish White announced three new central listings: 124' sister ships *Inca Rose* and *Ligaya*, and the 80' sloop *Sirena III*.

Philippine builder Ocean Pacifico launched *Inca Rose* in 2001 and *Ligaya* last spring. Built to MCA certification, the steel-and-aluminum yachts were designed by DIANA Yacht Design of Holland. Interiors feature coachwood joinery, gray carpeting and Alcantara ceilings. Accommodations are for 10 in five staterooms. Twin Caterpillar 3412 engines give the yachts a 14-knot maximum speed.

Sirena III is a German Frers design built in carbon fiber and launched in 2000. Her teak and holly interior can sleep six in three staterooms. *Sirena III's* asking price is \$4.25 million.
