NEW YACHT EXPEDITION NICHE

Apostrophe
HAKVOORT
MONNICKENDAM, NL

In June Hakvoort Shipyard delivers the 40m full custom Apostrophe. The yacht features an elegant exterior profile from the boards of Reymond Langton Design Ltd., which was also responsible for the contemporary Art Deco interior. With naval architecture by Diana Yacht Design, exceptional support from Moran Yacht and Ship, and an owner determined to build the finest Hakvoort to date, Apostrophe is a testimony to how magnificent things can be achieved when people truly cooperate together.

A new client for Hakvoort with a rich experience in boat ownership, the owner pledged to push himself to the limit make this one of the best vessels afloat. "He was certainly true to his word," explains Project Manager Alexander Speksnijder. "Every suggestion made by the interior and exterior architects was accepted regardless of cost, and there have been no compromises in any area of the boat."
