Alewijnse yachting service team ready for start of refit season

Alewijnse and its dedicated team of technicians are gearing up to welcome all yachts from around the Mediterranean for electrical refits, maintenance or technical service. After spending the summer cruising the Mediterranean, some superyachts may need a new lease of life. From their own service location at MB92 La Ciotat, Alewijnse and its dedicated team of technicians are gearing up to welcome yachts from around the Mediterranean. Their La Ciotat office provides operational coverage from Barcelona in the west to Genova in the east.

Start of an amazing journey

Delivered in July 2022, Energy Yacht features a stunning exterior design by Espen Øino whose team was also appointed to develop the General Arrangement. Zuretti Interior Designers are the studio behind the custom interiors. This Amels Full Custom benefits from a number of standout features including a large open top deck, large aft pool and very wide side decks that can be utilised as private guest balconies. This 78m superyacht is the first Amels Full Custom to be delivered by Damen Yachting since the introduction of the Limited Editions concept in 2005.

Alia Sea Club 53m construction update

Construction of the Alia Sea Club 53m full custom yacht is progressing smoothly and on schedule at the shipyard in Antalya, Turkey. The 499GT yacht's exterior design and general arrangement is by Azure Yacht Design & Naval Architecture, while Diana Yacht Design handled her naval architecture. Featuring a large covered tender bay on main deck for tenders and toys, a fully certified heli-deck, a water sport centre, and accommodation for six guests in two cabins and a master suite, the yacht is scheduled to be completed in a very fast build time of just 24 months.
