CONRAD PLAYS AN ACE

Conrad Shipyard shows its hand with the biggest yacht ever built in Poland

The reigning new queen of the Polish yacht-building industry is a 145ft yacht ordered back in January 2020. A truly international collaboration, this custom vessel and the first of Conrad Shipyard's new C144S line features exterior design by British designer Reymond Langton, an interior by Italian designer m2atelier and naval architecture by Dutch naval architects Diana Yacht Design. Voluminous at 494GT, *Ace* also has an impressive range of 4,000 nautical miles at 10 knots. "This project is a combination of a stylish design with incredible harmony, but also the intriguing silhouette of a modern superyacht," Conrad Shipyard chairman and CEO Mikołaj Król said at the launch in Gdańsk. After delivery to her owners, *Ace* will join the yacht charter fleet, managed by the Luxury Charter Group. conradshipyard.com
